# FOREWORD

My Barbados Football Association Family,

On behalf of the Executive Council, I would like to extend a warm welcome to the 2025 Barbados Football Association Ordinary Congress.

The year 2024 was a year of change and advancements for the BFA. We have seen a newly elected Executive Council, and had the joy of experiencing an

unprecedented championship win with the national under 14 boys' team and the start of the National Peace Program, a human capacity development program geared towards bettering the lives of the nation's youth through football.

I am taking this opportunity to thank you, the member clubs, for your continued support and confidence, as we continue to build on the foundations we have set.

I am pleased to report that you, our members, the highest decision-making body, chose a splendid Executive Council with people of various backgrounds and extensive experience in football administration to lead our association for the next four (4) years. However, I am sad to report that we lost one of our brothers too soon in our tenure, Mr. O'Brien Smith. My condolences to his family, friends and loved ones. Moreover, we have lost a few more brothers who worked tirelessly towards the advancement of football in Barbados and this year we shall honour them.

On a brighter note, the BFA has been able to launch the National Peace Program hubs which is a partnership with the Office of the Attorney General of Barbados. Starting with Deacons, and the Pinelands in the month of June and followed by Eden Lodge in July and Passage Road in September. These hubs serve to develop young aspiring footballers with an opportunity to train and engage in off-field programs in conflict resolution and social media awareness that are designed to educate, inspire and empower young people.

I stand here today a proud General Secretary of an association that is achieving its objective of empowering our country's youth. Our continued investment with the time spent on the pitch and finances spent giving young boys and girls the opportunity to compete internationally has been well rewarded as we have seen an improvement in play from all of our teams and the players' spirited play in all competitions.

However, I want to specially congratulate the boys under 14 national team that embodied the definition of hard work

and dedication to come away from the CFU Boys Under 14 Challenge Series Tier II as flawless champions with 6 consecutive wins. You made our nation proud and lit a beacon of hope in the hearts of your countrymen that we can become strong football nation.

Congratulations are also in order for the senior men's national team. For a second time gaining promotion to League B of the CONCACAF's Nations League. They too were flawless and recorded resounding victories with four (4) consecutive wins. We look forward to the next edition of the CONCACAF Nations League with hope and shall remain committed to our senior players' development.

Similarly, we remain committed to the development of our referees who are often the focal point of blame, but I ask you all today to support our referees and respect them. For 12 months they train and commit themselves to their duties without much thanks. Nevertheless, the stay the course and ensure that football in our country is played in every community because there is no game without them. This is why I am especially

pleased that we now have five (5) referees who were accepted on the FIFA list. Undoubtedly, their achievement came through their dedication and long hours of training to pass the rigorous testing to become an international referee.

Administratively, there were some changes and most importantly we recognize the importance of developing the human resources of our secretariat, coaches and members. As we engaged in educational and professional courses through our counterparts, the Barbados Olympic Association, CONCACAF, CFU and FIFA to ensure as many persons as possible receive the necessary education and training to carry out their duties with more efficiency.

The Executive Council and I acknowledge that in the BFA our frontline workers are our member clubs, our players, and staff. We salute you, and we hold you in our highest regards. When all is said and done, after each match when we record the scores and points tables, you will remain our MVPs.

I wish us all the best, bright futures and a BFA that continues to build on the foundations set in 2024.

Warmest Regards,  
Barbados Football Association

Ashley Scott-Williams  
General Secretary

## H. Report on Activities for the previous year

The Report on Activities for the previous year was shared beforehand by the General Secretary Amanda James. There were no objections.

## I. FIFA Forward Funds

The General Secretary read the declaration out below to members.

### For the General Assembly/Congress

In accordance with the approval by the Executive Committee of the Barbados Football Association on February 16, 2023, and the Contract of Agreed Objectives signed with FIFA, on July 5, 2023, for the 2023-2026 cycle, the General Assembly is formally notified that with the assistance of FIFA the following projects are implemented through the funds provided under the FIFA Forward Development Programme:

#### 1. National Team Support

Submitted to FIFA: May 2022

The BFA National Teams were not allowed to play football on island due to the pandemic when international competitions restarted. In order to provide the necessary support, the BFA applied for a project to prepare the teams and fund participation in the Concacaf Nations League 2022, Concacaf U17 Men Qualifiers and CFU U14 Challenge Series.

Total Project funds budgeted  
USD\$485,254.80  
Funds required from FIFA  
USD\$280,231

#### 2. Transfer of Project Funds to OPC

Submitted to FIFA: September 2023

The BFA requested a transfer of operational funds in 2023, to facilitate its senior women's team participation in the Concacaf W Road to Gold Cup 2023. This covered the cost of the team's travel reservations, accommodation, ground transportation and other competition expenses for each leg. The team was able to play 6 official matches utilizing the home and away format simultaneously to the Concacaf Gold Cup. Garfield Sobers Complex, Wildey, St. Michael, Bridgetown, Barbados  
Total project funds budgeted -  
\$894,000.00  
Funds required from FIFA -  
\$800,000.00

#### 3. Multifunctional Building

The multifunctional building will be a continuance at the BFA Technical Center in Wildey and will include

spectator seating, dressing rooms, VIP concession area, media cabins, recovery rooms, high-performance gym, anti-doping area and multiple storage areas.

Garfield Sobers Complex, Wildey, St. Michael, Bridgetown, Barbados  
Total project funds budgeted -  
USD\$3,270,000.00  
Funds required from FIFA -  
USD\$3,270,000.00

## J. Auditors Report and Audited Financial Statements

The Auditor's Report was presented by Mr. Winston Waithe of Brian Griffith & Co Chartered Accountants.

## K. Presentation of the Budget

The Budget for the year 2025 was presented by Jennifer Williams (Head of Finance). There were no objections.

## L. Alterations of statutes

There were no items for consideration regarding the statutes.

## MINUTES OF THE 2024 BFA ORDINARY CONGRESS

### M. Motions submitted

There was one motion submitted by Simeon Alsopp from Whitehall Football Academy for the BFA registration fees to be reduced to \$10.00 per player and official in every division. There were no objections.

### N. Election of Officers of the Association

Randolph Harris returned as President of the BFA.

3 Vice Presidents

There were 4 ballots undertaken.

Fabian Wharton 40

Capt. Al Walcott 24

Ashton Chapman 21

### O. The Election of Five Executive Members

O'Brien Smith, Wren Ramsey, Tricia Forde, Shamika Estwick and Simeon Alsopp were elected as executive members. The results were as follows:

Tricia Forde – 40 votes

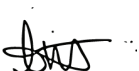

Shamika Estwick – 35 votes

Simeon Alsopp – 32 votes

O'Brien Smith – 25 votes

Wren Ramsey – 24 votes

The meeting was adjourned at 9:20 pm

Amanda James  
General Secretary

- P. Election of an Executive Member of the Council
- Q. Election of members of the Disciplinary Committee
- R. Admission for membership
- S. Adjournment

# 2024 YEAR IN REVIEW

## National Teams

### Barbados Under 20 Men's National Team

The Barbados Football Association's international match calendar spanned eleven (11) months from February to December in 2024. The year was characterized by some highs and lows; however, we witnessed an overall improvement in our players' abilities and dedication to football and our country.

The national under 20 men's team traveled to Guatemala to take part in Group C of the CONCACAF Qualifiers in Guatemala from February 23 – March 02, 2024. After playing four (4) matches the team won one (1) match, drew one (1) and lost two (2) finishing fourth in a group of five (5) teams with four (4) points.

However, after taking on a regional powerhouse in the host Guatemala in front of the thousands of fans in cold conditions at the height of 5000 feet the young tridents ensured that the hosts fought to the very end to achieve a 3-1 win. The second match in the group was

a 1-0 loss to Curacao. The team fought hard, and some would argue should have easily won the match. Unfortunately, a win was not to be for Barbados, but they went into the following match with a renewed spirited and registered a 4-2 win against St. Martin. However, the last match ended in a 1-1 draw against Aruba.

Front: Rovaldo Massiah celebrating his goal against Guatemala at the Doroteo Guamuch Flores Stadium, Guatemala City, Guatemala. Followed by Captain Ethan Taylor #15

## Senior Men's National Team

Our senior men's national team was next on duty with international assignments on June 5th and 9th 2024 in the CONCACAF 2026 World Cup Qualifiers.

The national team had a "rocky" start to their international campaign for the year going down 4-1 to hosts Curacao in Willemstad and 3-1 to Haiti, with local talisman Niall Reid-Stephen scoring twice for the Tridents.

Barbados' fortune turned brighter when they started our CONCACAF

Barbados Senior Men's team in St. Croix

National League campaign in Group A of League C in St. Croix. The Tridents were conceded twice against Bahamas in a game that went tit-for-tat after scoring first, but this day was the Trident's Day, and they came out 3-2 winners. The next encounter against the US Virgin Islands saw the tridents recording a resounding 3-0 win.

Niall Reid-Stephen recorded two (2) goals, while Andre Applewhaite, Ethan Taylor, Carl Hinkson and Zachary Applewhite recorded single goals in the two encounters.

Barbados then displayed pure dominance at home in their second round of matches on October 9th and 15th, 2024 recording a 5-0 win over the US Virgin Islands and a 5-2 win against the Bahamas. Again, Niall Reid-Stephen dominated on the field of play with four (4) goals followed by Andre Applewhaite and Sheran Hoyte scoring two (2) goals each while Hadan Holligan and Omani Leacock each had a goal. With these results, the Barbados team gained promotion to League B for a second time in the CONCACAF Nations League and qualified to the CONCACAF Gold Cup Qualifiers Play-off against Guyana.

The results in the CONCACAF Gold Cup Play-off were disappointing for the national team. The Tridents with the inclusion of Thierry Gale after he recovered from an injury the previous year, felt they had a good chance of defeating a strong Guyana Jaguars team at home on November 15, 2024. However, the Tridents were defeated 4-1 and on the return leg in Guyana on November 19, 2024, the team lost 5-3. Though we lost those two encounters with Guyana we still looked to the positive side and recognize the efforts

of our team in producing goals through Thierry Gale (2) and Niall Reid-Stephen (2). We hope to do better next time and qualify for the Gold Cup after the next edition of the CONCACAF Nations League.

The Barbados Football Association gives a special mention to Mr. Niall Reid-Stephen who had some very impressive performances throughout the year scoring against every team the Tridents played. He was also instrumental in the UWI Blackbirds' winning the Prime Minister's Cup and was the MVP and to cap it all off he secured a professional contract for Tormenta FC in the United Soccer League (USL) League 1.

Front: Prolific goal scorer  
Niall Reid-Stephen on the  
ball (yellow jersey #10)

## ANTI-DOPING IN SPORTS WITH THE SENIOR MEN'S NATIONAL TEAM

The Barbados Football Association (BFA) disclosed that the Tridents and their Management Team participated in an anti-doping presentation and Q&A session at the BFA Technical Centre in Wildey ahead of their CONCACAF Nations League Play-off against Guyana.

Facilitated by Jasper Blades, Doping Control Officer at the Caribbean Regional Anti-Doping Organization (RADO), Dr. Adrian Lorde Vice-Chairman of the Caribbean RADO, the National Anti-Doping Commission (NADC), and the BFA, the National Senior Men's players learnt about the doping control process, in and out of competition testing, banned substances, testing procedures and options, and personal responsibility as it relates to testing availability and fulfilling the spirit of fair play in sport.

BFA General Secretary Ashley Scott-Williams emphasized the importance of the session, thanking all who participated and assisted in facilitating the initiative. "Anti-doping is a top

priority in sports and the BFA is pleased to be able to provide our players and management with opportunities such as these. Making this type of information available is an important step in our commitment to developing and professionalizing football in Barbados," he said. "We thank Dr. Lorde, Mr. Blades, the National Anti-Doping Commission, and the Caribbean RADO for their assistance in facilitating the session, and we look forward to further collaborations in the future."

Tridents Captain Andre Applewhaite echoed these sentiments. "The session was definitely important and beneficial to us as national athletes," he said. "It gave us more of an insight into what exactly anti-doping is, and the international standards that apply. It was really worthwhile to hear from the experts from the Caribbean RADO on how anti-doping fits into not only football in Barbados, but the bigger picture of worldwide sports."

Jasper Blades, Doping Control Officer at the Caribbean Regional Anti-Doping Organization (RADO), explaining the particulars of anti-doping to the National Tridents.

### Barbados Under 15 Girls' National Team

Our young lady Tridents participated in League B of the CONCACAF 2024 U15 Championship in Group E in Trinidad and Tobago. Playing in a tough group against Cuba, Honduras and Belize. They scored eight (8) goals and conceded fourteen (14) goals 2024 in four games. However, the lady Tridents played valiantly but were only able to secure one (1) victory.

The young lady Tridents fell 6-2 to regional giants Cuba in their first match and 5-1 to Central American powerhouse Honduras. However, they were edged out by a goal against Belize in a 3-2 loss. The young lady Tridents turned their luck around in their final match-up defeating Grenada 3-2.

### Barbados Under 17 Girls' National Team

In February the Barbados Under 17 Girls' National Team played three (3) matches against the touring Union Milliken High School at the BFA Technical Centre. After registering a 2-2 draw with goals from Tekoa Hope-Downes and Acima Alleyne the young lady Tridents stormed to a 4-2 victory. Gabrielle Birmingham led the way with a brace while Taryn Sutherland and Jamiyah Nurse each contributed a goal. The young lady Tridents continued their form into the final match securing the three (3) match series with a 3-2 win. Danika Antoine, Taryn Sutherland and Keanna Barrow each scored a goal.

The next engagement for the Barbados Under 17 Girls came in December 2024 when they visited the twin-island republic, Trinidad & Tobago High Performance. Our ladies were not as fortunate in this two-match series losing both matches to a strong Trinidad & Tobago U17 Girls 5-1 in the first match and 6-2 in the second match. Nonetheless, the young lady Tridents still had something to cheer about as Keanna Barrow netted the lone goal for Barbados in the first game while Rashawna Edwards and Tekoa Hope-Downes scored a goal each in thesecond match.

## Barbados Under 14 Boys' National Team

Playing in Trinidad & Tobago the young Tridents brought joy to Barbados with an unprecedented Championship win in football. Their path to glory was almost flawless as they recorded resounding victories on their way to the final of the 2024 CFU U14 Boys Challenge Series, Tier II division.

Barbados started their route to the championship win with an easy 6-2 win over St. Vincent & the Grenadines. Maleek Peters led the way with a brace while Sacha Pounder, Jamarco Johnson, Rajari Rollins and Trey Barker each scored a goal. This victory was the start of the storm to come as Barbados was ruthless in their next encounter against Guyana.

Leading from the front Captain Jamarco Johnson registered a hattrick in a 6-2 pounding against Guyana. Tre Barker then followed with a brace and Adam King with a solitary goal. The Tridents then went on to defeat the Cayman Islands 4 – 1 with Jamarco Johnson, Adam King, Amari small and Trey Barker each scoring a goal.

However, the last group stage match against Antigua & Barbuda proved to be a tougher match up for the young Tridents as they only netted twice through goals from Sacha Pounder and Maleek Peters for a 2-0 win.

In the Semi-final Barbados took on the Turks Caicos Islands and easily won the encounter 3-0.

The final was a much closer encounter against Bermuda as our young Tridents were locked in a tough battle which took them to kicks from the penalty mark. After the final whistle in the 70' the score was 0-0. This match was certainly a thriller and a miss from the first kick for the Tridents kept us all on edge. However, the Tridents would miss no more and thanks to the bravery and "shot stopping" skills of Jamari Watson who denied the Bermudan players twice victory was ours and history was written.

Barbados under 14 celebrating one of their many goals in the 2024 CFU U14 Boys Challenge Series Tier II.

# COMPETITIONS DEPARTMENT

## REPORT 2024

The competitions department  
Administered the following  
Competitions:

**Winners: Paradise FC**

**Runners Up: Kickstart Rush**

**Third Place: UWI Blackbirds**

- The Premier League
- Premier League Reserve
- Division 1, 2 and 3
- Champions Cup Knockout Competition
- Guardian Group Youth Football Tournament
- Women's Development Seven a Side Football Tournament

### Premier league

The premier started on the 28 January 2024 and concluded on May 28, 2024. Due to the generator at the BFA Technical Centre not working, matches were played at various venues around the island at the National Sports Council grounds. I am happy to say that this did not prevent the Premier League from being keenly contested. As the points standings would indicate local powerhouse, the Champions, Weymouth Wales FC won the league by five (5) points, and we saw closely fought battles in the mid to lower table with Deacons FC, Ellerton FC and Brittons Hill FC narrowly escaping relegation

## FINAL STANDINGS

Teams	Played	Win	Draw	Lost	GF	GA	GD	Points

Third Place: Martindales Road	Best Midfielder: Kemar Bartlett
	Most Goals: Evance Prescod
	MVP: Kemar Watson

## THE CHAMPIONS CUP

The Barbados Football Association's Champions Cup is a knockout competition played with all registered member clubs across each division. In 2024, forty-four (44) Divisions 1, 2 and 3 teams were matched up during a live draw at the BFA Technical Centre and these teams played the earlier rounds of the tournament. After elimination the ten (10) premier league teams entered the competition to create the round of thirty-two (32).

Champions Cup	Outstanding Performances
Champions: Weymouth Wales	Best Goalkeeper: Kevon Allsopp (Deacons)
Runner Up: Deacons FC	Best Defender: Mario Williams
Third Place: UWI Blackbirds	Best Midfielder: Nadre Butcher (Wales)
	Most Goals: Nadre Butcher (Wales)
	MVP: Nadre Butcher (Wales)

The Women's Development Cup Seven-A-Side football tournament was used to restart competitive women football after no tournaments were held in 2024. This tournament was made possible with the generous support of the FIFA Women's Development Division that provided footballs, goalkeeper gloves, Bibbs and uniforms.

The tournament was divided into two sections - the Championship and Plate finals with eight teams divided into two (2) zones of four (4) teams each.

The Championship featured the winner and runner up of each zone qualifying for the semi-finals with the winner of each semi-final moving on to the final while the losing semi-finalist play off for third place while the Plate finals saw the third and fourth place of each zone play off against each other with the winner of each match progressing to the final. This format ensured that all teams played every day of the tournament.

Champions Cup	Outstanding Performances
Championship winner: Paradise FC	Most Goals: Shanice Stevenson (PFC)
Championship Cup Runner Up: Weymouth Wales	MVP: Shanice Stevenson (PFC)
Plate Final Winner: RF Prime	
Plate Final Runner Up: Mavericks	

## Zone A

Teams	Played	Win	Draw	Lost	GD	Points
Paradise WFC	3	3	0	0	12	9
Technique WFC	3	2	0	1	5	5
RF Prime WFC	3	0	1	2	-8	-8
Maverick WFC	3	0	1	2	-9	-9

## Zone B

Teams	Played	Win	Draw	Lost	GD	Points
Weymouth Wales WFC	3	2	1	0	14	8
FVFC Femeni	3	2	1	0	5	7
Pinelands WFC	3	1	0	2	-1	3
White Hall Academy	3	0	0	3	-18	0

## YOUTH FOOTBALL

The 2024 Guardian Group Youth Football Tournament was played in two phases from May – July and September – December. The first phase of the tournament was played in a league format while the second phase saw the

introduction of the knockout segment which was greatly appreciated by the teams and similar to the previous year all matches were played at the Pine, Blenheim and the BFA Technical Centre.

## League Winners

- Under 9 All participating players were awarded in each team
- Under 11 Winner: Kickstart Sun
- Under 13 Winner: Pro Shottas
- Under 15 Winner: Eden Stars
- Under 17 Winner: Barbados Soccer Academy

## Knockout Winners

The knockout tournament was only played in the under 13,15 and 17 age categories with all finals playing at the BFA Technical Centre and the Philip Blagrove training Centre.

- Under 13 Kickstart Rush vs White Hall – Champion: Kickstart Rush
- Under 15 White Hall Academy vs Kickstart Rush – Champion: Kickstart
- Under 17 Pinelands vs Barbados Soccer Academy – Champion: Pinelands

# REFEREES DEPARTMENT

The conclusion of the 2024 football season brought significant success and achievement for the Referee Department.

The number of candidates of the referee courses conducted in 2023 allowed the Department to place strong emphasis on the 2024 retention phase of its program to make maximum advantage of the youthful talent available to us. The Referee Technical and Physical Instructors worked with tremendous enthusiasm and dedication throughout the year to ensure that our emerging, talented referee officials and new recruits were given every opportunity to reach their full potential and achieve the expected results.

The referee program which consisted of face-to-face, theoretical and video game analytical training has considerably shortened the recruit apprentice period and has allowed for significant increases of officials in all divisions.

During this period under review, Head of Department (HOD), Technical

FIFA Officials and Concacaf and CFU Candidates attended various local and overseas high-level training seminars and workshops to allow for training and upgrading to reach international qualifying status.

- Victor Moore – HOD workshop and Zoom conferences
- Trevor Taylor – Concacaf Technical Instructor Academy Training
- Clifton Garnes – Concacaf Physical Instructor Zoom Conferences
- Cleon Culley (R) – Concacaf Referee Academy and Regional Assignments
- Abigail Brathwaite (AR) – CFU Workshops, Regional Assignments
- Jaselle Louison (AR) – CFU Workshop, Regional Assignments
- Angelo Doyle (AR) – Concacaf and CFU Regional Assignments
- Kevon Clarke (AR) - Concacaf and CFU Regional Assignments

- Edley Malcolm – Local Workshops and Seminars

With the results of these extensive training exercises the BFA Referee Department now consists of Concacaf and FIFA Certified Personnel, a significant increase from two (2) to five (5) FIFA international match officials.

Our biggest achievement on the international listing for 2025 is the highly trained Concacaf Academy Referee Official Cleon Culley and Assistant Referee, Jaselle Louison. This allows for a full Barbados referee team of four (4) international officials to be appointed to World Cup Qualifying Matches.

The Department's training plan continues to be mandatory and robust with the necessary mentorship initiatives to support the dedication commitment of our BFA officials. Against this background, we have increased the referee pool from forty-three (43) to sixty-three (63) at the end of 2024. This will be bolstered with eight (8) recruits now finalizing their apprenticeship period to start the next season.

Barbados Football Association's newly appointed 2025 FIFA Officials who received their appointments in 2024.

L-R: Assistant Referee Kevon Clarke, Assistant Referee Jaselle Louison, Referee Cleon Culley, Assistant Referee Abigail Brathwaite, Assistant Referee Angelo Doyle.

# REFEREES DEPARTMENT

**The BFA Education and Game Management training consists of four (4) modules:**

## 1. Training and fitness

- Mandatory Sunday and mid-week physical training
- On field technical training

## 2. Education

- Game management
- Football understanding
- Match-day reviews
- Bi-weekly classroom technical training with video clips and video analysis

## 3. Referee Recruitment and Retention Initiatives

- Referee courses
- Referee apprenticeship, mentoring and game experience

## 4. FIFA Referee Development

- Concacaf and CFU Workshops and Seminars
- Tournaments and Game Appointments

The Referee Department will continue into the following year 2025, with the commitment and zeal to accomplish the standard and consistency of high-level referee performances as required from our stakeholders and the national association with the following initiatives:

## FIFA Referee Development High Level Training

- Penalty area incidents and challenges
- Tactical fouls
- Offside
- Handle ball infringements
- Teamwork
- Game management

## 2025 Proposed Programs

- Referee Assessor and Mentorship Training
- Schools' Referee Recruitment Workshop
- Women's Referee Recruitment Workshop
- Concacaf and CFU Rap Courses

Sincere thanks and appreciation to all of the Referee officials and match day coordinators who assisted with the success of the Referee Department.

- Trevor Taylor – Technical Instructor
- Clifton Garnes – Physical Instructor
- Edley Malcolm – Appointment Officer
- Victor Moore – Referee Manager

# TALENT DEVELOPMENT SCHEME

2024 has been an amazing year for the Talent Development Scheme and by extension, youth football in Barbados. In 2024, the TDS girls and boys were able to get invaluable experience from the many local and international workshops,

Camps, International games (as ball assistants), video sessions, international tournaments, motivational speeches and fun social activities.

All the hard work, dedication and sacrifices made during this year proved to be well worth it as the U-15 Girls performed creditably against much higher-ranked competition at the CONCACAF U-15 Championship and the U-14 Boys created history when they won the hearts of the Region with their skillful, attacking style of football and were eventually crowned as the CFU Boys U-14 Challenge Series Tier 2 Champions. An unprecedented feat for football in Barbados and one which should act as a catalyst for further development in our constant pursuit of excellence.

The proper development of talent is a long and arduous task but one which can be quite rewarding when we start to see the fruits of our labour as the young talents go on to represent us at the highest level. The U-14 Boys were honoured by the Government of Barbados, recognized by the National Sports Council as one of the

Teams of the Year and received a Regional (CANOC) nomination as an outstanding team for 2024.

Kudos goes out to TDS Head Coach Fitzgerald Carter, Assistant Coach Morrison Taylor and the entire coaching team. Maximum praise must also go out to the youth clubs and schools coaches, parents and BFA staff. The unswerving support and cooperation is testament that "Teamwork can make the Dream Work".

Never resting on our laurels, the TDS took a few days rest and restarted training in September with an enhanced schedule

aimed at improving our athlete's mental, technical and physical conditioning. The Boys are preparing for the much tougher CONCACAF U-15 Championships in August and the Girls are getting ready for

U-17 World Cup qualifiers, which are now being played annually for both boys and girls.

I am eagerly looking forward to the next 5-10 years when the young athletes of this extremely visionary FIFA Talent Development Scheme mature into elite Club, National and Professional footballers plying their trade across the Globe. The future looks bright indeed.

## NATIONAL PEACE PROGRAM

The Barbados Football Association and the Attorney General of Barbados Office began a partnership in March 2024 through the National Peace Program (NPP). The program has five (5) main objectives:

1. To create six (6) football hubs in the parish of St. Michael
2. To create peace and unity with communities and beyond through football
3. To help address the high rate of crime by offering alternative, productive and positive choices.
4. To introduce football to children who cannot travel to clubs or the BFA Technical Centre and to those who have never played organized football
5. To offer support and guidance where needed to help guide individuals to be the best version of themselves.

The National Peace Program uses football as a tool to reach its five (5) objectives with workshops that complement and contribute to assisting participants to be global citizens with varying social skills. In 2024, four (4) hubs have been opened:

Hubs	Open Date	No. of Participants
Deacons	June 14, 2024	15
Eden Lodge	June 21, 2024	30
Pinelands	July 17, 2024	40
Passage Road	November 28, 2024	30

Reaching approximately 115 participants ages 8 – 24 years old and guided by 12 coaches across the NPP, the participants engage in weekly football training sessions and classroom sessions in conflict resolution, goal setting and social media (Advantages & Disadvantages). Moreover, the BFA

National Peace Program engages the parents of its participants because it is essential to have parents support and provide additional support for any of the program needs that they can tap into.

On December 1, 2024, the NPP

participants held an event called “Match and March” which started with a Peace Walk in the Pinelands community and finished with football match against the Duranta Academy a visiting team from Trinidad & Tobago that is involved in a

similar program to the NPP. The shared interest between our programs to create peace and global citizens of our youth led us to “sue for peace”. However, on brighter note, the Barbados NPP team won the football match 5 – 1 at the Pinelands Resource Centre, the Pine, St. Michael.

### NPP Hubs Match & March in the Pinelands

In 2025, the BFA and NPP will open two (2) new hubs at Brittons Hill and the Ivy, St. Michael. We look forward to the engaging the young boys and girls of those communities and to continue our mission to reach as many young persons as possible in Barbados to make them global citizens.

## COACHING EDUCATION

The Barbados Football Association’s coaching education program has evolved to meet the demands of modern football while aiming to provide local coaches with the skills, knowledge, and tools to develop the next generation of Barbadian football talent.

### Our Mission

Better football for a better life

Our objective is to provide high-quality coaching education that produces well-trained, qualified, and effective coaches at all levels of the game in Barbados. This program emphasizes ethical coaching practices, long-term player development, and community engagement.

## Coaching Pathways

The BFA offers a structured coaching pathway in coaching licenses

These courses are aligned with international standards, particularly those set by FIFA and CONCACAF.

The Coaching Education program is designed to adhere to best practices, ensuring that all coaches are equipped to develop players' technical, tactical, physical, and psychosocial capabilities in a supportive and professional environment.

## Coaching Courses and Certifications

These coaching courses are designed to help individuals achieve different levels of certification as well as target new coaches and those looking to further their qualifications. In addition, to formal courses, the BFA conducts workshops and seminars designed to continually improve coaches' knowledge and keep them up to date with trends in football. Moreover, we have conducted coaching courses for ex-players as a way of supporting their aspirations beyond the field to transition into coaching roles with clubs in their respective communities. We recognize that their in-depth knowledge of the game could improve the quality of play in future generations of footballers.

### FIFA Coach Educators Knowledge Exchange Program Aruba November 5 – 8, 2024.

This large-scale event for Coaching Education brought together coaches from across the region and international

football experts from FIFA and Concacaf to share insights and trends in coaching.

## Coaching Development Initiatives

The BFA's initiatives go beyond just formal certification and aim to engage communities, clubs, and schools to nurture a wide base of coaching talent through several programs: Football For Schools, Grassroots Program, the National Peace Program, Coach Education for Women, and the Talent Development Scheme.

### Football For Schools

The FIFA Football for Schools program integrates football into the education system to help children develop life skills and is designed to be accessible to all learners without discrimination around the world. The BFA has started to put the building blocks in place for this program to start in 2025 with the distribution of football equipment to twenty-one (21) primary and five (5) secondary schools. However, schools are still engaged in the use of the Football For Schools that covers topics such as Taking Responsibility, Setting Goals, Constructive Feedback, Problem Solving, Peer Pressure, Substance Abuse, Being a Leader, Following a Leader, and Communication.

## Grassroots Coaching Program

Introduction of football at the community level, aiming to engage young players and future coaches from a young age. This initiative includes partnering with schools and local clubs. The BFA also implemented coaching education initiatives at the Grassroots level through D-License courses conducted with club members to give them the basic understanding of delivering coaching sessions in their respective communities. These coaches are also identified and given the opportunity to participate in the higher level BFA Coaching Courses.

### Coach Education for Women

We at the BFA recognized that specific programs to encourage women to get involved in coaching, promoting gender diversity and empowerment in the football community is necessary to the development and growth of women's football.

In 2024 we completed the CONCACAF Women's C-License course aimed at empowering women to get involved with coaching at the community level, in clubs and at the national level. We are

excited to see where this first cohort of women C-License coaches will take the women's game as several of them are currently involved with coaching in their communities, at clubs and national teams.

The first Cohort of CONCACAF Women's C-License Coaches in Barbados

## Talent Development Scheme TDS Coaching Mentorship

The Talent Scheme, through its Coaching Mentorship program uses experienced coaches to guide younger or less experienced coaches to improve their skills and knowledge in practical environments. This is an integrated approach to the development of our coaches via Coaching Education. We also see this as a way of finding new talented coaches who can serve the national teams, clubs or schools.

To ensure that the coaching education program is achieving its goals, the BFA regularly measures its success tracking how its coaching programs have contributed to the development of national team players, youth clubs and local teams in our leagues. Success can be measured by the number of coaches who continue their coaching education journey (e.g., advancing to a higher license) and the impact of these coaches on grassroots and elite-level teams. The BFA also measures the success of coaching initiatives by the increase in participation at the grassroots level and the number of new coaches entering the system.

## CONCACAF EXECUTIVE MENTORSHIP PROGRAM

### Day One: Participants of the CONCACAF Executive Mentorship Program

Standing: Member Services Director Howard McIntosh, (Ag.) Coaching Educator Fitzgerald Carter, Competitions Manager Mark Forde, Team & Academy Services Coordinator Ortis Williams, Exec. Member Simeon Alsopp, Head of Finance Jennifer Williams, Exec. Assistant Christine Rock  
Sitting: EMP Instructor David Sabir, (Ag.) TD Kent Hall, Exec. Member Shamika Estwick, General Secretary Ashley Scott Williams, President Randolph Harris, Exec. Member Tricia Forde, VP Capt. Al Walcott, Exec. Member Wren Ramsay, Member Associations Director Horace Reid

The new Executive Council of the Barbados Football Association along with several senior staff members received administrative training under the CONCACAF Executive Mentorship Program from November 16-17, 2024, at the BFA Technical Centre.

This program was launched in 2019 to strengthen the administration of CONCACAF's member associations. During this two (2) day workshop the senior members of the BFA were engaged in topics of Leadership, Good Governance, Strategic and Financial Planning, Ethics and Conflicts of Interest.

"The Executive Mentorship Program will provide the Executive Committees of our 41 Concacaf Member Associations with the necessary framework to improve the administration of the game at all levels," said Concacaf President Victor Montagliani. "Effective leadership and good governance must be our daily priority, as we make the right long-term decisions to grow football across our region."

The EMP, which stands on a plank of the confederation's broad-based ONE Concacaf platform and forms part of

the governance evolution efforts of the Confederation, will eventually reach all 41 members by 2021.

Concacaf's Caribbean Director of Member Associations' Affairs, Horace Reid, underlined the importance of expanding skills and competence levels of the game's administrators, a move which is projected to redound to the benefit of wider governance goals in the confederation.

"For decades, both at the level of FIFA and the confederations, the sharing of best practices has been primarily targeted at Presidents and General Secretaries," said Reid. "Admittedly, these two offices are critical to the effective functionality of the Member Associations. However, there is now a need to drill deeper and provide a broader base of administrators with important tools to be effective at their primary function."

The EMP falls within the context of the Concacaf Strategic Goal to support growth of associations and enhance development programs. Executive Committee members will receive the tools required to strategically plan and

manage the development of the game in their territories.

At Concacaf, a crucial path to a stronger confederation will rest with the quality of leadership that emerges from Member Associations in the cross-cultural melting pot of the Caribbean, Central America and North America.

### **Day Two: Participants of the CONCACAF Executive Mentorship Program**

Standing: Dale Rudder TDS Manager, VP Fabian Wharton, (Ag) TD Kent Hall, Exec. Assistant Christine Rock, EMP Instructor David Sabir, Team & Academy Services Coordinator Ortis Williams, Competitions Manager Mark Forde, Head of Finance Jennifer Williams, Referees' Manager Victor Moore

Sitting: VP Ashton Chapman, General Secretary Ashley Scott-Williams, Exec. Member Shamika Estwick, Member Services Director Howard McIntosh, President Randolph Harris, Member Associations Director Horace Reid, Exec. Member Tricia Forde, Exec. Member Wren Ramsay, (Ag) Coaching Educator Fitzgerald Carter

## FIFA EXECUTIVE PROGRAM STRATEGIC PLANNING AND IMPLEMENTATION

**Course Participants at the FIFA Executive Program - Strategic Planning and Implementation in Miami, Florida, December 4-6, 2024.**

President Randolph Harris and General Secretary, Ashley Scott-Williams, joined ten (10) Member Associations Presidents and General Secretaries from the Caribbean in the 12-week FIFA Executive Program -Strategic Planning

and Implementation. The first five (5) modules of the course were taken online via the FIFA Campus platform and concluded with the sixth module in-person in Miami, Florida from December 4-6, 2024.

At the in-person workshop which completed the course, participants were engaged in sessions with themes such as leading a national team, the role of the president, general secretary and other stakeholders within an MA, and how to balance priorities.

FIFA President, Gianni Infantino, spoke to representatives of the Caribbean-based MAs in Miami, United States and said, "It was my pleasure to spend time with those attending the FIFA Campus in Miami and share with them FIFA's vision of giving every possible piece of guidance and assistance to help grow each FIFA Member Association's local game effectively."

"Strategic planning and implementation are key to the success of future plans and projects. By exchanging ideas with top, experienced experts from the world administration, these courses and seminars are contributing to a healthier global football landscape."

In addition to the input from course leader Stewart Regan, participants also heard from Tom Gorissen, FIFA Director MA Services, and FIFA Member Associations Division Regional Director

Americas Jair Bertoni. They also received insight from two guest speakers, Columbus Crew and 2024 MLS Coach of the Year Wilfried Nancy and former England U-21 boss Aidy Boothroyd.

The three-day session closed with a ceremony during which the participants will receive certificates to mark their successful completion of the program before they return to their respective MAs to apply the knowledge they have acquired for the benefit of the beautiful game.

“From making a consistently increasing pool of funds available for our MAs through FIFA Forward, to other initiatives such as the FIFA Talent Development Scheme, FIFA Football For Schools, and the expanded global tournaments, FIFA is doing its best to make football even more global,” added Mr. Infantino.

“There is great talent across the Concacaf and UNCAF (the Central American Football Union) regions. FIFA will continue to work with all relevant stakeholders to create the best possible structures for this talent to be recognized, develop and thrive.”
